

New River/Mount Rogers Workforce Investment Board's Approved Training Program Tier Guidelines

It is the intent of the WIB's Training Provider Committee to utilize our available training funds in the most effective manner, focusing on high demand occupations that will enable our clients to achieve a level of self-sufficiency and allow them career growth opportunities.

The following Tiers have been developed using local Employment Projections and Wage Data. Also considered into the equation are local conditions for various occupations and previously documented client success rates in various training programs.

All Tiers will be reviewed on an annual basis.

Tier 1 – High Wage & High Demand Occupations

Include training programs that will prepare clients for occupations that have the potential to meet the WIB's high wage* standard and are high demand occupations (based on projections for 2006 through 2016).

*High Wage, as defined by the Training Provider Committee, is a mean/average of \$35,000 annually (based off of Wage Survey dated May 2008)

The Training Provider Committee recommends that case managers consider these programs before all others for each client that has the ability and aptitudes to succeed in them.

Tier 2 – High Demand Occupations

Include training programs that will prepare clients for high demand occupations (based on projections for 2006 through 2016).

***All Tier 1 and 2 programs must prepare our clients to receive a nationally recognized credential (as defined by the DOL) and lead to an occupation that offers full-time employment with a minimum (average) annual salary of \$20,000 or \$10.00 per hour (based off of Wage Survey dated May 2008).

Tier 3

Programs that do not meet any of the above mentioned criteria.

These programs require written consent from the WIB Executive Director prior to placing a client into the program. The case manager must request approval in writing by documenting that the training program is the best possible option for this client.

Training Provider

Tier Listing

Training Program Tier Levels 2010

Tier Level	Course Title	Provider Name
1	Basic Law Enforcement	New River Criminal Justice Training Academy
	CAD Design	Smyth Career Technology Center
	Career Switcher	Western VA. Public Education Consortium
